ALL-ALUMINUM LIVESTOCK TRAILERS

1 (877) 553-9477 | 900 E Trail Blvd | El Reno, OK 73036 | www.exiss.com | sales@exiss.com

A BETTER TRAILER

Rugged, durable and dependable Exiss® Livestock Trailers have been the choice of cattlemen for more than a decade. With Exiss' sturdy all-aluminum construction and its great reputation for value, it's easy to see why. Since 1994, Exiss has built top-of-the-line aluminum livestock trailers that set the standard for quality, dependability and value. Today, our standards are still the same. We build trailers to live up to the rugged demands of hauling your livestock year after year.

ENGINEERED EXCELLENCE

Features like a large 54" side access door, full-length running boards, extruded fenders and EZ Lube axles are examples of how an Exiss trailer is engineered to make your life easier.

INTERIOR DURABILITY

We use 1 3/8" x 3" side posts, 2" x 4" I-Beams, sturdy sidewall extrusion and an interlocking extruded aluminum floor so that your trailer will hold up to the heaviest of loads.

EXTERIOR STRENGTH

Our 6" rear post, heavy-duty cam locks, stout rear gates, five rear hinges and lower gussets make sure that our products will continue to deliver for the long haul.

**GUARANTEED EXCELLENCE
IS OUR COMMITMENT**

Exiss is a proud member of the **National Association of Trailer Manufacturers (NATM)**. Every trailer that Exiss builds meets or exceeds the requirements set forth by the NATM.

GOOSENECK MODELS

The 7' wide STK models are extremely versatile, rough and rugged options for hauling cattle around your land, to market or anywhere in between. Available in multiple heights and lengths, these quality-built models come with today's most popular standard features and they have an incredible array of options available to make your trailer fit your needs perfectly.

STOCK COMBO MODELS

THE DEFINITION OF VERSATILITY

The Exiss stock combo (STC) models are a great solution for livestock and horse owners who need a versatile trailer with additional storage and functionality. With a spacious tack room to store your necessary equipment, as well as an optional saddle rack and tack equipment, they combine the rough and rugged aspects of an Exiss livestock trailer with the convenient features of an Exiss horse trailer.

Optional 4-tier saddle rack available

Tack room w/ camper door & screen door

OPTIONAL EQUIPMENT

Ask your area dealer about adding additional equipment to customize your trailer to your personal taste. From standard options to full custom specs, we do it all!

STC 24 - Shown with Optional Equipment

BUMPER PULL MODELS

The Exiss bumper pull lineup is the perfect solution for those who need a light-duty hauling solution but don't need the expansive capacity of the gooseneck models. The Exiss STK and STC bumper pull models feature the robust and rugged construction features of the larger gooseneck models in a smaller package. Available with or without a dressing room, these models are perfect for short trips around the farm or ranch.

MODEL	SIZE	GVWR	EMPTY	AXLE
